THIS IS UNEVALUATED INFORMATION

25X1

1. The caserne in Jicin /N 50-26, E 15-22/ was adjacent on the north to the outskirts of the town, adjacent to and west of the Jicin to Zebin road, and 100-150 m. west of the Jicin to Zeleznice road /Encl. A/. It was under Army control. Jicin supplied its electricity and water, and two roads /Encl. A, Pts. 3 and 4/ and the Jicin railroad depot provided access to it.

2. [redacted] an AA unit leaving 25X1 the caserne between 0500 and 0600 hours.

The unit traveled on the road in the general direction of Kolin /N 50-02, E 15-12/. Six or seven gun carriages were drawn by trucks; the guns were canvas-covered, and the gun barrel outlines through the canvas were 3 1/4 - 4 m. long. Thirty soldiers were with each truck. They wore green uniforms with black shoulder boards with red borders and the metal antiaircraft insignia. From March 1953 until April 1953, six or seven mobile radar units /Encl. B/ each with a driver and one other passenger, accompanied the gun units. These men wore green uniforms with black shoulder boards with blue borders and the metal signal corps insignia.
